

MAY NEED LICENSE FOR DUMB WAITER

Builders Also Say Dishwashing and Vacuum Cleaning Come Under Proposed Ordinance.

William T. Roper, chairman of the legislative committee of the Building Managers and Owners Association of New York, has sent a call to members of the association to come to the Aldermanic chamber this afternoon and

help the association's fight on the proposed ordinance providing for licensing all men handling hoisting machinery and all heating plants. "Under this ordinance," explained Mr. Roper this morning, "they could force you to take out a license to operate a vacuum cleaner or a dish washing machine. You'd have to get a license to run a dumb waiter and another to handle the boiler of the heating plant in your cellar during the winter. Your cook would have to have a license to run the hot water boiler of the stove in the kitchen. "We have no objection to the idea

that fathered this ordinance. What we object to is the loose wording of the ordinance, which makes an absurdity. We want common sense changes."

5,000 WAITERS MAY STRIKE.

Demand Nine-Hour Day in Cheaper Restaurants.

Five thousand waiters in 200 city restaurants threaten to strike to-day unless granted a nine-hour day in the future. These waiters are employed chiefly in

the cheaper restaurants and are not seeking increased wages, but a few of those proprietors who are paying men less than \$20 a week and girls less than \$12 are asked to meet these figures.

Food Firm Offers Stock to Employees.

The 5,000 employees of Libby, McNeill and Libby, Chicago manufacturers of food products, are offered by the firm the privilege of buying a new issue of company stock at par, each being permitted to take from ten to fifty shares at \$10 each, with two years in which to complete payment. Through the plan

it is expected to develop among the employees a personal interest in the company's business, welfare and profits.

Foch to Unveil K. C. Statue.

The ceremonies will take place August 21 at Metz, and will include presentation of the K. C. baton, now being completed in New York, to Marshal Foch.

GROWING CHILDREN

Often are pale, delicate, easily attacked by disease, because their bodies are imperfectly nourished since the rapidly growing nervous system has first call upon the supply of repairing and rebuilding material. Father John's Medicine helps Nature make children strong and healthy and keeps them so. It contains no drugs nor alcohol, but the most easily used food-medicine, which is easily digested and used by the blood, nervous system and other use for over sixty years—Advt.

Clogged-Up Liver Causes Headache

The liver is one of the regulators of health. If the liver is active and well, good health and happiness are encouraged, but once you allow your liver to get torpid and sluggish, life becomes a misery. Indigestion, Bilelessness, Constipation, Headaches and Melancholy may appear, resulting in lack of energy, loss of memory and ill health, but remember Carter's Little Liver Pills touch the liver and correct all liver ills. **Small Pill—Small Dose—Small Price** DR.
